

Interview Questions to Christina

1. What is a skill that you learned outside of traditional education?
2. What motivated you to learn this new skill?
3. Can you give an example of a challenging concept or skill you've mastered on your own?
4. What types of online resources do you use to learn these new skills?
5. Have you ever engaged in collaborative learning outside of school? How did you find this experience compared to learning independently?
6. How do you stay motivated and disciplined when learning something new independently?

Extra questions that came up in our conversation.

1. So, do your friends and family ask you for free videography or something or taking pictures?
2. So, I don't know if I (can) ever do it? (referring to driving a stick shift)
3. What would we do without YouTube?
4. Wow! This sounds like a great organization. And what is your role in that organization?
What do you do?
